### Calculate the Cost of Hymnals for Your Church/Organization

#### Large-Print Edition:

**$43.99 USD**

Designed for those who need a large-print edition or an edition to place on the piano, this oversized volume will be identical in content to the pew edition.

#### Accompaniment Edition:

**$89.99 USD**

This essential resource for accompanists and music leaders will provide full accompaniments for many songs in the pew edition of Voices Together. In addition to the many keyboard accompaniments, there will be parts for various other instruments, alternative tunes, and notes on common practice. It will also include resources and ideas for leading the music within Voices Together. The attractive hardback (concealed wire) will make this accompaniment edition long-lasting and easy to use.

#### Worship Leader Edition:

**$19.99 USD**

For every case of the pew edition purchased and/or for every copy of the accompaniment edition purchased, add the worship leader edition for only $9.99 USD. Worship leader edition must be purchased at the same time as the other product(s) to receive the discount.

The worship leader edition will be a must-have for anyone involved in planning or leading worship through prayer, music, spoken words, visuals, and more. This simple, accessible volume will be filled with theological grounding, practical suggestions, and words for worship. It will include quick introductions to topics like the Christian year and the use of technology in worship, as well as easy-to-use suggestions for preparing prayers. It will also include worship resources for the practices central to our faith and life—including baptism, communion, child blessing, and funerals. This worship leader edition will be an essential guide for preparing worship that is intentionally crafted and theologically Anabaptist.

#### Projection Edition:

**$499.99 USD**

Formatted for projecting notated music and lyrics, this edition of Voices Together will contain the music and worship resources found in the pew edition. This projection edition will come on a flash drive—with music and worship resources available in PowerPoint, PDF, and XML formats. It will come with files to project just lyrics or the full music. Once opened, this product cannot be returned.

**Please note:** Some hymns have projection restrictions based on copyright. While all files for music and worship resources in Voices Together will be on the flash drive, it is the legal responsibility of each congregation to follow the enclosed instructions and secure copyright permissions, many of which are covered by CCLI or One License.

#### App Edition:

The app edition of Voices Together will be available in the Hymnals app offered for iPad and Android tablet devices by GIA Music. In-app purchasing will allow you to have the pew edition, accompaniment edition, and worship leader edition of Voices Together available right on your tablet. Each of these editions will be available to purchase separately, at the same price as their respective print editions. The Voices Together app edition will be perfect for choir members and other churchgoers who do not want to hold a hymnal. The app will allow users to create and save their own service lists, zoom to enlarge, and quickly search by title or number. Purchasing a separate Bluetooth foot pedal will allow you to turn pages with one stomp of the pedal.
