

*Voices Together Hymn Sing Blueprint:*

## **Our Breath, God's Breath**

### **GATHERING**

God gives us breath and is often found in breath, especially the Holy Spirit. Breath is crucial for human life, and is the foundation of singing. But breath can also spread sickness. Many can't breathe due to racial injustice. Yet God provides healing breath, living breath, holy breath. God gives us breath. Let us not take it away, but breathe out God's love and reign. As we hear in the first song, "And if music is God breathing, take a holy breath and sing!"

It was received while VT committee members visited underrepresented communities to learn about heart songs thanks to a grant from the Calvin Institute Vital Worship grants. This song was written by a Chin person who was an early convert to Christianity.
